Now, local Carvana customers can enjoy the convenience and fun of picking up their vehicle at the San Diego Car Vending Machine or having it delivered to their home. When customers opt for a Car Vending Machine experience, they

select and purchase a vehicle from Carvana.com and schedule a time for pick up. Upon their arrival at the tower, they are greeted by a Customer Advocate and receive a commemorative, oversized Carvana coin to activate the automated vending process. Customers then get a front-row seat to watch their newly purchased vehicle descend through the brightly lit vending structure from the heart of the all-glass tower.

"We first brought the Car Vending Machine experience to the San Diego area in 2022 with our Escondido location, and we've been looking forward to expanding our local presence ever since," said Mike Fryer, Carvana Market Operations Manager. "This unique site sits right in the heart of Mission Valley and is conveniently accessible to our many local customers while also boasting plenty of space to support our local team and operations. We are proud to join the San Diego skyline and excited to create even more convenient and memorable experiences for our customers in the area."

This is Carvana's second Car Vending Machine in the area, its fifth in California, and its 39th in the U.S. It is located at 1545 Camino Del Rio S, San Diego, California 92108. Location hours are Monday through Sunday from 9:00 a.m. to 7:00 p.m. PT.
