Carvana customers can save valuable time by shopping online, and can choose to either pick up their vehicle at the new Hollywood Car Vending Machine or have the vehicle delivered to their home. When customers opt for a Car Vending Machine pick up, upon their arrival at the tower, they will be greeted by a Customer Advocate and receive a commemorative, oversized Carvana coin to activate the automated vending process. Then, Carvana customers get a front-row seat to watch their newly purchased vehicle descend through the brightly lit vending structure from the heart of the all-glass tower.

Whether Miamians are shopping for a spacious crossover with enough cargo room for a family trip to South Beach, or looking to test the towing capacity of an all-wheel drive SUV on a weekend excursion to the Everglades, Carvana offers a nationwide inventory of great vehicles at great prices that can serve the mobility needs of Magic City residents.

"We first launched in the Miami area more than six years ago and the response from customers has been overwhelmingly positive," said Jacari Green, Carvana Market Operations Manager. "Since then, we've expanded all across the Sunshine State with four of our iconic Car Vending Machines. We're excited to be opening our fifth, most technologically advanced, tower in the state, and look forward to bringing even more memorable car-buying experiences to Florida residents."

Carvana is proud to be expanding its presence in south Florida. The debut of the newest Car Vending Machine marks the second of its kind in the Miami area, and the 38th in the U.S. Carvana's new Car Vending Machine is located at 3950 N. 28th Terrace, Hollywood, FL. Location hours are Monday through Sunday from 9:00 a.m. to 7:00 p.m. ET.
