Carvana pioneered online car buying, including its patented 360-degree virtual vehicle tour, where customers can view vehicles in high-definition, 360-degree photography, inside and out. Carvana vehicles have passed a rigorous 150-

point inspection, have never been in a reported accident and have no frame damage. Features, imperfections and updated information about open safety recalls are listed on every car's vehicle description page.

Carvana can save customers valuable time and money, allowing them to skip the dealership and shop from the comfort of home or on the go via their mobile device. Vehicles come with a seven-day return policy and this upgrade to the traditional test drive gives customers a week to live with their vehicle, seeing if it's spacious enough for family outings or how it handles on the daily commute.

Customers looking to trade in their vehicle, or sell a vehicle, can also skip the dealership by simply entering their VIN or license plate number on Carvana.com, answering a few questions, then Carvana can pick up the vehicle and bring them a check, as soon as the next day.

"We've steadily been increasing our presence in Missouri since launching our first market in the state in 2017, and we are pleased to now offer as-soon-as next day vehicle delivery to even more customers," said Ernie Garcia, Carvana founder and CEO. "We are confident Springfield area residents will welcome the ease and convenience of The New Way to Buy a Car®."

Carvana now offers as-soon-as next-day vehicle delivery to customers in 306 cities across the U.S.
