Carvana customers can save valuable time by skipping the dealership and shopping online, and select a day and time convenient for them to pick up their vehicle at the Car Vending Machine. Upon arrival, customers will be greeted by

a Customer Advocate and receive a commemorative, oversized Carvana coin to activate the automated vending process. Carvana customers get a front-row seat to watch their vehicle descend through the brightly lit vending structure from the heart of the all-glass tower.

Carvana has also upgraded the concept of the traditional test drive with a 7-day return policy. Car buyers get to live with the car for a full week to ensure the vehicle fits their needs and lifestyle—whether it's testing the towing capacity on a newly purchased SUV before heading out to Lake Pleasant, or ensuring the new pickup truck's cargo room holds all the necessary gear for a Cardinals tailgate. Customers can get to know their new ride backed by the peace of mind and knowledge that Carvana vehicles pass a rigorous, 150-point inspection, have no frame damage, and have never been in a reported accident. Features, imperfections, and updated information about open safety recalls are listed on every car's vehicle description page.

Customers can also [sell their current vehicle to Carvana](#) and receive a real offer in just minutes—even without purchasing a vehicle. Additionally, Carvana never charges hidden, bogus fees like “documentation fees,” which can often be added to the price of a vehicle at the last minute.

“Since day one, Phoenix has always been our home, embracing our mission to change the way people buy cars by treating them better,” said Ernie Garcia, Carvana founder and CEO. “To be back in our hometown with our latest Car Vending Machine design, that will bring an even better experience to more people across the Valley of the Sun, is a really proud homecoming moment for Carvana.
