All 30,000+ vehicles in Carvana's national inventory are photographed in 360 degrees, so customers get a high-definition virtual tour, along with the peace of mind of a seven-day return policy. This upgrade to the traditional test drive

allows customers the time they need to confirm their vehicle fits their lifestyle, from seeing how it fits all of your odds and ends before a picnic in Monteith Park, to testing the ride up to Portland on the I5 with your new-to-you ride.

Carvana customers save valuable time and money with The New Way to Buy a Car® by skipping the dealership and shopping online. Carvana also never adds hidden, bogus, last-minute fees and charges like "documentation fees." Customers looking to trade in their vehicle, or sell a vehicle, can also skip the dealership by simply entering their VIN or license plate number on Carvana.com, answer a few questions and Carvana can pick up the vehicle and bring them a check, as soon as the next day.

"Today's launch in Albany further expands our presence in Oregon, offering as-soon-as-next-day delivery of thousands of vehicles to area residents," said Ernie Garcia, founder and CEO of Carvana. "We look forward to offering them a great selection, and an easy and transparent car buying and selling experience."

Carvana now offers as-soon-as-next-day vehicle delivery to customers in 282 cities across the U.S.
