# CARVANA EXPANDS SAME-DAY DELIVERY TO SAN FRANCISCO

Sep 30, 2025

*Local car buyers and sellers now have access to faster, more convenient service*

SAN FRANCISCO--(BUSINESS WIRE)-- Carvana (NYSE: CVNA), an industry pioneer for buying and selling used cars online, today announced the launch of same-day vehicle delivery in the greater San Francisco Bay Area. Select local customers can now receive their newly purchased vehicle as soon as the same day they place an order on Carvana.com. Bay Area customers looking to sell a car can also take advantage of as-soon-as same-day drop-off and pickup options after completing Carvana's online appraisal process.

Carvana expands same-day delivery to the San Francisco Bay Area, bringing greater convenience and faster deliveries to local residents.

"The process was so simple and convenient. My husband and I didn't realize buying a car could be this easy, or that we could have it in our driveway the very same day," said Alycia B., a Carvana customer from the Bay Area. "We love Carvana and are planning to trade in our other car and purchase with Carvana again soon."

Carvana's intuitive e-commerce platform allows customers to shop one of the nation's largest selections of high-quality pre-owned vehicles, secure financing, trade in their current car, and complete their purchase entirely online. After purchasing an eligible vehicle, local buyers now have the opportunity to receive their vehicle as soon as the same day.

This new same-day service in the Bay Area is powered by Carvana's expanding Northern California operations, including its Inspection and Reconditioning Center (IRC) in Rocklin and its recent integration of IRC capabilities at ADESA Golden Gate in Tracy. Together, these facilities enable significant reconditioning capacity and strengthen Carvana's fulfillment network in the region, bringing local customers a growing selection of vehicles with the speed and convenience of same-day delivery.

"The Bay Area has always been an important market for Carvana, and we love to bring new innovations to a community known for embracing what's next," said Jacqueline Hearn, Carvana's Senior Director of Market Operations and Expansion. "With this launch, we're taking the experience to the next level by offering same-day delivery on a growing selection of vehicles. Now, local customers can go from checkout to driveway delivery the very same day, getting even more speed with all of the convenience, transparency, and control that they are used to from buying on Carvana."

Carvana first introduced same-day delivery in Arizona and has rapidly expanded the offering to select markets across more than 15 states. The company plans to continue its expansion in the months ahead as it leverages its growing network of IRCs and fulfillment operations.

## About Carvana

Carvana's mission is to change the way people buy and sell cars. Since launching in 2013, Carvana has revolutionized automotive retail and delighted millions of customers with an offering that is fun, fast, and fair. With Carvana, customers can find a car, get financing, trade in, and complete a purchase entirely online with the convenience of delivery or local pickup as soon as the same day. Carvana's unique offering is powered by its passionate team, differentiated national infrastructure, and purpose-built technology.
